HARRISVILLE-1956

On January 25, Bernard F. Bemis, who had been a selectman of this town for 48 years and who was chairman of the Harrisville School Board for 38 years, passed away in his 87th year. Both Mr. and Mrs. Bemis had been members of Silver Lake Grange for over 60 years.

During 1956 William and Elaine House started building their new home near Silver Lake. Mrs. Otis Russell was living in her new home on Chesham Hill. Walter Maki was building a home on Dublin Road and the Roland Tarrs were continuing to work on their home in Chesham. Several cottages were built on our lakes.

The road by the Harrisville Beach was changed and greatly improved this year. The town traded land with the Herman Gilmans in order that the road could be moved further from the water so the beach would be larger. The Colonys also gave some land for this purpose. Large rocks were placed between the road and beach to protect the children from cars. This also made a good parking area for cars. The building lots on the lake formerly owned by John Marnell, then the Harrisville Beach Association, were sold by the town and \$1,500 of this money was spent to make the change. There is considerable money in the treasury of the Harrisville Beach committee for making further improvements.

Raymond Phillips rented the old brick building, with the high chimney, which is located over the canal in Harrisville. This was the first boiler house for the mills and wood was used for fuel. Machinery was installed for the turning of wooden handles, etc. This is run as a family affair and we hope the business will prosper.

Fewer people were employed at Cheshire Mills this year. George M. Bott severed connections with the mill after serving as superintendent for over four years. Mr. Julian Goodrich came in the winter to be superintendent.

Old Home Day was held the first Saturday in August. A short parade started the events. The band played in front of the Congregational Church until showers interrupted. Children received prizes for their competition in games and swimming. Dr. George Stewart spoke in the afternoon about Russia and other countries where he had traveled. St. Denis R. C. Church served a bean supper on the square. Many people came for dancing in the square at night and for fireworks by Lake Nubaunsit. Some of the proceeds helped buy uniforms for the Little League.

In the Fall the N. E. Tel. & Tel. Company started and completed a building to house the equipment for the dial telephone system which was promised to start January 10 next year.

WARREN THAYER, Chairman

REPORT OF ROAD AGENT

The Highway Department has moved into its new quarters.

A long snowy winter and an unusually late spring really tried our equipment: Mack Truck, 3 years old; Loader, 4 years old; and Tractor, 18 years old.

Maintenance costs for this year were higher than anticipated. However, it should be remembered that a great deal of work has been done with our machinery and continued performance is possible only when they are kept in good repair. Last year, 8,000 yards of gravel alone was loaded and trucked on our roads.

A road was built to Mr. House's new home; the road from East Harrisville Station to Hancock Line was blasted, widened and graveled; and the Beach Road, together with a larger parking place, was completed.

The plowing of driveways is a problem because some of them can not be opened with the truck plow.

We still have many culverts that are either too small or worn out and need to be replaced.

Respectfully submitted,

ARTHUR W. WIKMAN
Road Agent

LIBRARIAN'S REPORT

Your librarian has had quite a bit of time off this year, but with the able assistance of Mrs. Edna Heald from Jan. to April and Mrs. Marguerite Rogers during some of the summer months, we have maintained our standard and are even branching out for further service.

A branch library has been established at the home of Mr. and Mrs. Harold Clark in Chesham for the benefit of any who care to use it. This is possible only through the kindness of Mr. and Mrs. Clark, who are giving of their time to promote this service. Forty adult non-fiction and fiction books from the Harrisville Library were left at the branch library and the N. H. Bookmobile left a collection on December 31st. Several years' copies of Life and Look were also given and these may be distributed permanently to any shut-ins after use to the public. Any or all of this present supply of books may be changed, if arrangements are made with the Harrisville Librarian. We are glad of this chance to extend the usefulness of the library, so more people may benefit from the appropriation.

The 1956 circulation has been: adult fiction 321—adult non-fiction 575—juvenile 372. The number of books added through the year has been 74. It took part of this year's appropriation, which ordinarily would have gone for books, to repair and paint the library sign. We hope no further damage will be done to library property, but do appreciate the cooperation of parents in this regard in the past.

We wish to thank Mrs. Horace Spaulding and the Hancock Library for gifts of books this year.

Respectfully submitted,

HELEN B. THAYER

REPORT OF SCHOOL SUPERINTENDENT

The management, control and direction of public education cannot be allowed to become a static activity; one where the school board and staff can say, "Now that we have a fine school plant and a sound educational program, we can relax and maintain things as they are for a few years." Such an attitude might be sound if life in America was not changing rapidly as we enter the atomic age and changing economic and political events were not pushing us forward into new and unknown areas of national life. Since these latter conditions do exist, the school board and staff must constantly be alert to provide pupils with new and better tools of learning with which to meet life's problems.

To this end, school management has considered the need for increased emphasis upon the natural and physical sciences and the need for better understanding of conservation through actual participation in out-of-doors programs involving soil, water, forests and animals. The entire staff of The Wells Memorial School participated in a one week conservation camp at Lost River, N. H. and staff members are actively engaged in planning a one-week out-door living and conservation experience at the Boston University Sargent Camp in Peterboro, for the upper grade pupils.

Continued emphasis is placed on handwriting and a one day workshop for all teachers in our union, plus others from Keene, was conducted at the school by Ruth Kittle, author of the penmanship method we use.

The necessity of retaining a skilled and competent staff of teachers has lead to a careful study of employment practices, a salary schedule, continuing form contracts and other modern practices. By keeping aware of the demands upon our local school brought about by the modern world of living, the citizens of Harrisville may

be assured that the school will continue to provide a thorough grounding in the fundamentals of learning, a good cultural background and a dependable preparation for the future.

REPORT OF THE PRINCIPAL

To the Citizens of Harrisville, New Hampshire:

As Principal of your school, I have the pleasure to bring to you the annual report of the progress made at the school.

This school year opened with an enrollment of nearly 80 youngsters. In order to give an equal teaching load to each of the staff members, the grades were divided in the following way:

Mrs. Gladys Libby grades 1 and 2

Mrs. Marian Sabin grades 3 and 4

Mr. Richard Wyman . . grades 5, 6, 7, and 8.

This division of grades has given each teacher a pupil load of between 25 and 30 pupils.

This year we have added a course in Natural Science to our program. This course is presented under the able supervision of Mrs. Hester Underhill of Ashburnham, Mass. Her association with the Massachusetts Audubon Society makes her classes interesting and informative. All teachers in Wells Memorial School and your Superintendent Dr. Charles Bowlby prepared themselves for the addition of this course by attending the Conservation Workshop held at Lost River Reservation last summer. With this preparation, all teachers are able to continue teaching and expanding the information that Mrs. Underhill presents in her classes.

This year the Hot Lunch Program has instituted a program of serving family-style dinners on holidays. These are complete with white table-cloths, centerpieces, and the serving is done by pupil-elected hosts and hostesses. These are worthwhile in that good table etiquette and proper meal-time conversation are sponsored.

The dance and social program is being continued this year, and already instruction in round dancing has been offered. Such wholesome activity under supervision is most worthwhile. Parents to serve refreshments and assist in supervision have been eager to offer their services and cooperation.

This year we have been fortunate in having two cadet teachers from the local Teachers College. Mr. Peter Greenwood and Mr. Phillip Hammond have both been of exceptional ability and have been of great assistance in the upper grades where there is a group of 33 in four grades.

Wells P.T.A. has been an active and cooperative organization assisting in many school activities. This group has offered many programs of high quality, and has assisted in securing tables more suitable for the first and second graders to eat from during lunch period.

The remedial reading program under the supervision of Mrs. Elva Rawding is being continued, and over the years, the results of this program are very gratifying. I sincerely hope that this program may be continued for many years to come.

The art program this year is under the supervision of Miss Anne Charleston, and Miss Charleston is indeed an addition that is worthwhile to our staff.

In closing I wish to thank all who assisted in making our annual Christmas Pageant an outstanding success. My sincere thanks and appreciation are extended especially to Mr. Larry Rathburn for the carpentry work, and to Mr. Gordon Getty for his impersonation of that jolly spirit of the Yuletide.

To all the parents and friends of the staff in Harrisville, I express my humble thanks for the many kindnesses extended to me in the past year.

RICHARD E. WYMAN,
Principal.
